

- www.fichtner-tontechnik.de -

If you would like to strike the right **tone** and appear in a good **light** - **Fichtner** has got the solution.

Fichtner Tontechnik attends to anything that has to do with sound and puts it with lighting design in perspective - all of this with state-of-the-art technologie.

We are keen-eared and we listen to your wishes aswell as to the tasks that we are given. It is our aim to consult you competently as a client and offer you the best - not the most. An audio-visual relief for all parties.

Our formula of success consists of experience, soundness, aiming for perfection and fun at work, combined with competence and high quality equipment. That is how Fichtner Tontechnik internationally made a name for itself, especially on events where sure instinct, high sound quality and the keen sense of subtle sound characteristics are in demand.
